Helf. 582-808--PM 626

I have compared the claims as filed and believe that they correspond to those in our files. In retrospect, I am surprised that there is no claim specifically directed to treatment in solution or dispersion since this is the most usual procedure. This aspect, of course, is covered by the first claim, #5. Please arrange for payment of the base issue fee early in May of 1977.
